FATAL DYNAMITE EXPLOSION  
ON LACKAWANNA NEAR  
BINGHAMPTON, N. Y.

## DEATH LIST NUMBERS FIVE

Seven Others Injured—The Disaster  
Caused by a Wildcat Train Running  
Into a Freight Train Carrying the  
Explosive—Houses in the Vicinity  
Are Badly Shattered by the Terrible  
Concussion.

Binghampton, N. Y., June 10.—While freight train No. 61 on the Lackawanna was taking water at Vestal, 10 miles west of here, at 9:45 o'clock, it was run into from behind by a double-header wildcat freight in the second car from the caboose of the stationary train was a large quantity of dynamite, which was exploded by the impact. Five men were killed and seven injured. The dead are: John F. Kelly, head brakeman of wildcat train; S. R. Polhamus, conductor of train No. 61; Elmer Polhamus, trainman of train 61; John Coulter, fireman, first engine of the wildcat freight; Fred Witherby, fireman, second engine of wildcat freight.

All through the morning hours the rescuers toiled about and among the burning freight cars at the scene of the explosion, but it was not until late in the afternoon that portions of the last dismembered body to be accounted for were discovered a quarter of a mile from where the explosion occurred, while the tracks of the Lackawanna were completely blocked until far past midday. Both trains were completely wrecked and the engines of the wildcat freight were reduced to scrap iron, pieces of which have been picked up at a distance of half a mile away.

Aside from the damage to railway property much minor damage is reported. Nearly every house in the villages of Vestal and Union, which is across the Susquehanna from the wreck, lost more or less of its window glass, while farmers' houses and barns near the scene were badly shattered. None of the inmates, however, were injured.

## KILLED HIS MOTHER-IN-LAW.

Robert Fulford of Chicago Then Blows  
His Own Brains Out.

London, Ont., June 10.—Crazed by love for his young wife, whom, it is said, he had driven from his home in Chicago, Robert Fulford, a prosperous Chicago contractor, killed his mother-in-law, Mrs. Jennie McCord, and then blew out his brains. The tragedy occurred on the McCord farm at Hilderston, near here. The victims were first cousins. Fulford married Gertrude McCord seven years ago, his first wife having secured a divorce from him. Three weeks ago Fulford and his wife had a dispute and she returned to her parents. Fulford drove to the McCord farm and demanded that Mrs. McCord, who was milking in the yard, tell him where his wife was. She refused and he fired four shots from a revolver into her body, killing her instantly. He then turned the weapon on himself blowing out his brains.

## HEADLESS AND DECOMPOSED.

Body of a Young Woman Found Near  
Lowell, Mass.

Lowell, Mass., June 10.—The headless and decomposed body of a young woman was found under a heap of brush in a patch of woodland in Chelmsford during the afternoon. Murder had been committed in a horrible fashion, for the head had been separated from the trunk by a series of slashes with a dull weapon. The meagre clothing affords no clue to the identity of the unfortunate girl, and the circumstances offer a case of interest outside rather than in the direct community, as the theory quickly set up is that the body had been taken into the woods and thrown in a spot that offered some seclusion.

## Passenger Train Kills Two.

Detroit, Mich., June 10.—A Detroit, Grand Haven and Milwaukee passenger train, which left this city at 10 p. m., struck a wagon containing Edward Yorke and his 12-year-old daughter about 12 miles from this city. Both were so badly injured that they died during the morning.

## Honors for Carnegie.

Glasgow, June 10.—The University of Glasgow will confer the degree of LL. D. on Andrew Carnegie next Thursday in recognition of his gift to Scotch educational institutions. Other Scotch universities will probably take similar action.

## Will Aid Tuskegee Institute.

Tuskegee, Ala., June 10.—Principal Booker T. Washington of the Tuskegee normal and industrial institute, has been notified by John D. Rockefeller that he will be glad to provide the money for the erection of one of the much needed dormitories for boys at the institution.

## RETURN TO MANILA.

Taft Commission Establishes Civil  
Government at San Isidor.

Manila, June 10.—The Philippine commission has returned to Manila from the province of Nueva Ecija, Luzon, having organized provincial government at San Isidor, capital of the province, with Captain Jacob F. Kreps of the Twenty-second infantry as governor, Lieutenant Richard C. Day of the Thirty-fourth volunteer infantry as treasurer, and Lieutenant Dewitt C. Lisle of the same regiment as supervisor.

The northern tour has been postponed.

Lieutenant Wray's command has had 60 engagements with the insurgents in the province of Sorsogon, Luzon, killing six. Twenty-three insurgents were captured at and near Atimonan, province of Tayabas, and several minor captures are reported from other parts of Southern Luzon, where the insurgents are still active.

The report circulated in the United States that General Calles has surrendered is unfounded.

In a battle with the insurgents at Lipa, province of Batangas, Lieutenant Anton Springer of the Twenty-first infantry was killed and Captain W. H. Wilhelm of the same regiment, Lieutenant Fitzhugh Lee, Jr., and five enlisted men were wounded. Lieutenant Charles R. Ramsey of the Twenty-first infantry was also wounded at Lipa.

## REMEMBERED A FORMER FAVOR.

Millionaire Stratton Comes to the Aid  
of Senator Tabor's Widow.

Leadville, Colo., June 10.—Winfield S. Stratton, the millionaire mine owner of Cripple Creek, has redeemed the Matchless mine in Leadville for the widow of the late Senator Tabor. Years ago Senator Tabor advanced some money to Stratton when Stratton was a poor struggling miner and he never forgot it. When Tabor died he had lost almost everything and he was vainly endeavoring to save the Matchless mine, which he always insisted still contained millions in its lower contacts never exposed. The property was sold several months ago at sheriff's sale and final title would pass on July 4 to the new owners.

Senator Tabor's widow has continued the struggle and Mr. Stratton has now come to her assistance and will also enable her to exploit the property to greater depths.

## MAJOR DALY SUICIDES.

Was General Miles' Surgeon General  
in Porto Rico.

Pittsburg, June 10.—Major W. H. Daly, surgeon general on the staff of Lieutenant General Miles in Porto Rico, committed suicide at his home here by shooting himself in the right temple. No cause is known for Daly's deed, unless it be that insomnia drove him to temporary insanity. For some time past he has been unable to sleep regularly and it is thought that after a sleepless night he concluded to end all. The doctor was a widower and leaves no immediate family. He was 59 years old and for many years has been prominent in medical circles. He gained international prominence during the Cuban war, as it was his report to the commanding general of the army that started the "embalmed beef" investigation.

## PLAGUE ON TRANSPORT.

Volunteers Returning From the Phil-  
ippines May Be Detained.

Washington, June 10.—The officials of the war department are a little worried over the news that plague has broken out on the United States transport Kaintuck, which is now held in quarantine by the Japanese authorities at Nagasaki. On board this ship is one company of the Thirty-eighth volunteers. It is said the affliction is confined to the crew and has not yet appeared among the men, but details of its extent are lacking. As this ship is in advance of a fleet of transports returning with the volunteers it is feared that some of the others may be detained.

## Honor List of the Navy in the Chinese Campaign.

Washington, June 10.—The secretary of the navy has approved the recommendation of the naval board of awards concerning medals of honor and letters of commendation to a number of officers and men of the navy and marine corps who distinguished themselves during the campaign in China. Secretary Long's action did not go outside of the China recommendations and he will not pass upon the Santiago medal until the return of Assistant Secretary Hackett. The list also includes five officers and thirty-seven non-commissioned officers and privates.

## ARE GETTING INTO LINE

CUBAN CONVENTION ALMOST  
CERTAIN TO ACCEPT THE  
AMENDMENT.

## PRESSURE FROM OUTSIDE

Desire to Have the Matter Settled So  
That the Country Can Get Down to  
Business Having Its Effect Upon  
the Radicals—Hope for Some Sort  
of Independence in Preference to  
Military Occupation.

Havana, June 10.—The Conservative members of the constitutional convention are absolutely confident that the Platt amendment will be accepted and that several radicals will join with the 15 delegates who have heretofore voted in favor of acceptance. The last few days seem to have brought about a decided change in the attitude of delegates who had been bitterly arraigning the Washington government for changing the correct interpretation of the amendment. The strong pressure from the outside brought to bear upon the convention to finish its business and to place the country on a settled basis has had an excellent effect upon the radicals, inducing them to accept the inevitable, and some of them now argue that it will be perhaps better to accept the amendment, hoping for some form of independence, than to prolong the military occupation of the island.

The convention will meet in secret session during the day. It is expected several days will elapse before a vote is taken.

## CUBANS WARNED.

Platt Amendment Must Speak for It-  
self, as It Is a Law of Congress.

Washington, June 10.—The secretary of war has sent a communication by cable to General Wood at Havana expressing the views of the president concerning the attitude of the Cuban constitutional convention on the Platt amendment.

While the message of the president, transmitted through the secretary of war, is not a direct official communication to the convention, it is intended to have the effect of a direct warning to the delegates against radical action.

The message reiterates and emphasizes the refusal of this government to accept the action of the convention in attaching to a resolution adopting the Platt amendment an interpretation of its means. The government holds that the amendment must speak for itself, as it is a law of congress, and neither the American government nor the constitutional convention has the right to say that it means more or less than its terms set forth in plain English. All the communications between the government and the constitutional convention are regarded as unofficial and are therefore not binding.

## OVER PHILIPPINES AND CUBA.

Apostolic Delegation at Washington  
May Have Jurisdiction.

Rome, June 10.—It is asserted in reliable quarters that Cardinal Gibbons, in the course of his frequent conferences with Cardinal Rampolla, papal secretary of state, Mgr. Nozaleda, archbishop of Manila, and other high ecclesiastics, in addition to effecting a settlement of the question of the properties of the religious orders in the Philippines, is negotiating for an extension to Cuba and the Philippines of the jurisdiction of the apostolic delegation at Washington.

## RECORD FOR HAVANA.

Only One Case of Yellow Fever in  
the City.

Havana, June 10.—There is one case of yellow fever in the city at the present time. During the months of March, April and May there was only one death from this disease in Havana. Chief Surgeon Gorgas says this is phenomenal. The average for these three months since 1889 has been 36.

## BOY UNEARTHS SKELETON.

Human Skull and Bones Found in  
River Bank Near La Crosse.

La Crosse, Wis., June 10.—What is thought to be the unearthing of a mysterious crime occurred when a small son of E. J. Brown, a conductor on the Milwaukee road, found, while digging for worms in the bank of the La Crosse river, a human skull and bones. The police were notified and are now working on the case.

The belief prevails that the bones are those of a stranger who came to La Crosse about a year ago and shortly afterwards disappeared and was never again heard of. It is possible, however, that the remains are those of a Fetherland boy, who was drowned with his father about two years ago. The body of the father was found some days after the drowning, but that of the boy was never recovered.

## CAN'T GET OVER IT.

Londoners Are Still Talking About  
the Derby.

London, June 10.—London is still talking of the Derby. The discussion of the relative merits of American and British methods of training and riding has broken out anew. It must be confessed that the British comments are generally very fair. They sorrowfully admit the superiority of America on every point. The Sporting Times says:

The Derby has been won by a French horse and an American horse, but never until Wednesday was it won by a horse that had other than an English jockey in the saddle. Whatever our horses might be, the supremacy of our jockeys was deemed complete. But that fallacy is now exploded. Thus, two records were broken—viz: a jockey who was not a subject of the king and the running of the race in the fastest time on record.

## WANT'S NO THIRD TERM.

President McKinley Laughs at Sen-  
ator Depew's Suggestion.

Washington, June 10.—Senator Depew's suggestion that President McKinley be nominated for a third term does not disturb the president, who looks upon it as one of Mr. Depew's summer jokes, and he has declined to talk about it even to his most intimate friends in the cabinet. When Perry S. Heath made the same suggestion in his London interview two months ago the president laughed at it as Heath's ingenious plan to have his interview cabled to this country. He takes Senator Depew's talk no more seriously.

## Three Drown at Dubuque.

Dubuque, Ia., June 10.—A boat containing five persons returning from a fishing trip was upset during a storm on the Mississippi three miles north of here. Julius Guderian and wife and Mrs. Nicholas Kalle were drowned. The crew of a ferryboat rescued two boys who hung on to the upturned skiff for an hour and were nearly exhausted.

## No Gambling at Dawson.

Vancouver, B. C., June 10.—Trouble arising from advices brought by the steamer Amur, four men were drowned at Five Fingers rapids a week ago. The bodies had not been recovered and the names are unknown. Gambling has been shut down both at Dawson and White Horse.

## The Husband Dies First.

Kokomo, Ind., June 10.—E. Cage, a well known Kokomo broker, was called to the bedside of his wife, who was thought to be dying of consumption. Or reaching the bed Mr. Cage dropped to the floor a corpse, death coming suddenly from paralysis of the brain. Mrs. Cage, who had called her husband to see her die, was herself a witness of his demise. She can live but a few hours.

## He Rocked the Boat and It Upset.

Akron, O., June 10.—Oliver Crosier and Emil Bergdorf were drowned in Summit lake, near this city, during the morning. They, with Michael Shay, were crossing the lake in a boat when Bergdorf began to rock it and the frail craft upset. Shay crawled on top of the overturned boat and made a desperate but fruitless effort to save his companions.

## THREE GIRLS DROWNED.

Pleasure Party Comes to Grief While  
Boating.

Philadelphia, June 10.—A party of six persons, three men and three girls, while sailing on the Delaware river off North Essington, a few miles below this city, were thrown into the water by the swamping of their skiff during a squall and the girls were drowned.

The party were guests of the Federal Boat club. Other members of the club heard the cries of the unfortunate and immediately set about rescuing them. The three men were quickly hauled into other boats, but the girls sank before they could be reached.

## Thieves Were All Drowned.

Chambers, France, June 10.—An American named Constantine Scandal was robbed on the railway while asleep by three fellow travelers from Modena and St. Michael. Taft Commission Establishes Civil Government at San Isidor.

Manila, June 10.—The Philippine commission has returned to Manila from the province of Nueva Ecija, Luzon, having organized provincial government at San Isidor, capital of the province, with Captain Jacob F. Kreps of the Twenty-second infantry as governor, Lieutenant Richard C. Day of the Thirty-fourth volunteer infantry as treasurer, and Lieutenant Dewitt C. Lisle of the same regiment as supervisor.

Judge Taft told the people that if no power was given to levy customs the expenses of the central government would be provided by additional internal taxes. He pointed also that, if the decision of the authorities at Washington should result in free trade with the United States, opening up such a large market, the increase in land values would enable the people to respond to the increased internal taxes.

The northern tour has been postponed.

Lieutenant Wray's command has had 60 engagements with the insurgents in the province of Sorsogon, Luzon, killing six. Twenty-three insurgents were captured at and near Atimonan, province of Tayabas, and several minor captures are reported from other parts of Southern Luzon, where the insurgents are still active.

It must be confessed that the British comments are generally very fair. They sorrowfully admit the superiority of America on every point. The Sporting Times says:

The Derby has been won by a French horse and an American horse, but never until Wednesday was it won by a horse that had other than an English jockey in the saddle. Whatever our horses might be, the supremacy of our jockeys was deemed complete. But that fallacy is now exploded. Thus, two records were broken—viz: a jockey who was not a subject of the king and the running of the race in the fastest time on record.

## WANT'S NO THIRD TERM.

President McKinley Laughs at Senator Depew's Suggestion.

Washington, June 10.—Senator Depew's suggestion that President McKinley be nominated for a third term does not disturb the president, who looks upon it as one of Mr. Depew's summer jokes, and he has declined to talk about it even to his most intimate friends in the cabinet. When Perry S. Heath made the same suggestion in his London interview two months ago the president laughed at it as Heath's ingenious plan to have his interview cable to this country. He takes Senator Depew's talk no more seriously.

## Three Drown at Dubuque.

Dubuque, Ia., June 10.—A boat containing five persons returning from a fishing trip was upset during a storm on the Mississippi three miles north of here. Julius Guderian and wife and Mrs. Nicholas Kalle were drowned. The crew of a ferryboat rescued two boys who hung on to the upturned skiff for an hour and were nearly exhausted.

## No Gambling at Dawson.

Vancouver, B. C., June 10.—Trouble arising from advice brought by the steamer Amur, four men were drowned at Five Fingers rapids a week ago. The bodies had not been recovered and the names are unknown. Gambling has been shut down both at Dawson and White Horse.

## The Husband Dies First.

Kokomo, Ind., June 10.—E. Cage, a well known Kokomo broker, was called to the bedside of his wife, who was thought to be dying of consumption. On reaching the bed Mr. Cage dropped to the floor a corpse, death coming suddenly from paralysis of the brain. Mrs. Cage, who had called her husband to see her die, was herself a witness of his demise. She can live but a few hours.

## He Rocked the Boat and It Upset.

Akron, O., June 10.—Oliver Crosier and Emil Bergdorf were drowned in Summit lake, near this city, during the morning. They, with Michael Shay, were crossing the lake in a boat when Bergdorf began to rock it and the frail craft upset. Shay crawled on top of the overturned boat and made a desperate but fruitless effort to save his companions.

## THREE GIRLS DROWNED.

Pleasure Party Comes to Grief While Boating.

Philadelphia, June 10.—A party of six persons, three men and three girls, while sailing on the Delaware river off North Essington, a few miles below this city, were thrown into the water by the swamping of their skiff during a squall and the girls were drowned.

The party were guests of the Federal Boat club. Other members of the club heard the cries of the unfortunate and immediately set about rescuing them. The three men were quickly hauled into other boats, but the girls sank before they could be reached.

## Thieves Were All Drowned.

## BOTH TRAINS WRECKED

FATAL DYNAMITE EXPLOSION  
ON LACKAWANNA NEAR  
BINGHAMPTON, N. Y.

## DEATH LIST NUMBERS FIVE

Seven Others Injured—The Disaster  
Caused by a Wildcat Train Running  
Into a Freight Train Carrying the  
Explosive—Houses in the Vicinity  
Are Badly Shattered by the Terrific  
Concussion.

Binghampton, N. Y., June 10.—While freight train No. 61 on the Lackawanna was taking water at Vestal, 10 miles west of here, at 9:45 o'clock, it was run into from behind by a double-header wildcat freight in the second car from the caboose of the stationary train was a large quantity of dynamite, which was exploded by the impact. Five men were killed and seven injured. The dead are: John F. Kelly, head brakeman of wildcat train; S. R. Polhamus, conductor of train No. 61; Elmer Polhamus, trainman of train 61; John Coulter, fireman, first engine of the wildcat freight; Fred Witherby, fireman, second engine of wildcat freight.

All through the morning hours the rescuers toiled about and among the burning freight cars at the scene of the explosion, but it was not until late in the afternoon that portions of the last dismembered body to be accounted for were discovered a quarter of a mile from where the explosion occurred, while the tracks of the Lackawanna were completely blocked until far past midday. Both trains were completely wrecked and the engines of the wildcat freight were reduced to scrap iron, pieces of which have been picked up at a distance of half a mile away.

Aside from the damage to railway property much minor damage is reported. Nearly every house in the villages of Vestal and Union, which is across the Susquehanna from the wreck, lost more or less of its window glass, while farmers' houses and barns near the scene were badly shattered. None of the inmates, however, were injured.

## KILLED HIS MOTHER-IN-LAW.

Robert Fulford of Chicago Then Blows  
His Own Brains Out.

London, Ont., June 10.—Crazed by love for his young wife, whom, it is said, he had driven from his home in Chicago, Robert Fulford, a prosperous Chicago contractor, killed his mother-in-law, Mrs. Jennie McCord, and then blew out his brains. The tragedy occurred on the McCord farm at Hilderston, near here. The victims were first cousins. Fulford married Gertrude McCord seven years ago, his first wife having secured a divorce from him. Three weeks ago Fulford and his wife had a dispute and she returned to her parents. Fulford drove to the McCord farm and demanded that Mrs. McCord, who was milking in the yard, tell him where his wife was. She refused and he fired four shots from a revolver into her body, killing her instantly. He then turned the weapon on himself blowing out his brains.

## HEADLESS AND DECOMPOSED.

Body of a Young Woman Found Near  
Lowell, Mass.

Lowell, Mass., June 10.—The headless and decomposed body of a young woman was found under a heap of brush in a patch of woodland in Chelmsford during the afternoon. Murder had been committed in a horrible fashion, for the head had been separated from the trunk by a series of slashes with a dull weapon. The meagre clothing affords no clue to the identity of the unfortunate girl, and the circumstances offer a case of interest outside rather than in the direct community, as the theory quickly set up is that the body had been taken into the woods and thrown in a spot that offered some seclusion.

## Passenger Train Kills Two.

Detroit, Mich., June 10.—A Detroit, Grand Haven and Milwaukee passenger train, which left this city at 10 p. m., struck a wagon containing Edward Yorkey and his 12-year-old daughter about 12 miles from this city. Both were so badly injured that they died during the morning.

## Honors for Carnegie.

Glasgow, June 10.—The University of Glasgow will confer the degree of LL. D. on Andrew Carnegie next Thursday in recognition of his gift to Scotch educational institutions. Other Scotch universities will probably take similar action.

## Will Aid Tuskegee Institute.

Tuskegee, Ala., June 10.—Principal Booker T. Washington of the Tuskegee normal and industrial institute, has been notified by John D. Rockefeller that he will be glad to provide the money for the erection of one of the much needed dormitories for boys at the institution.

## RETURN TO MANILA.

Taft Commission Establishes Civil  
Government at San Isidor.

Manila, June 10.—The Philippine commission has returned to Manila from the province of Nueva Ecija, Luzon, having organized provincial government at San Isidor, capital of the province, with Captain Jacob F. Kreps of the Twenty-second infantry as governor, Lieutenant Richard C. Day of the Thirty-fourth volunteer infantry as treasurer, and Lieutenant Dewitt C. Liles of the same regiment as supervisor.

Judge Taft told the people that if no power was given to levy customs the expenses of the central government would be provided by additional internal taxes. He pointed also that, if the decision of the authorities at Washington should result in free trade with the United States, opening up such a large market, the increase in land values would enable the people to respond to the increased internal taxes.

The northern tour has been postponed.

Lieutenant Wray's command has had 60 engagements with the insurgents in the province of Sorsogon, Luzon, killing six. Twenty-three insurgents were captured at and near Atimonan, province of Tayabas, and several minor captures are reported from other parts of Southern Luzon, where the insurgents are still active.

The report circulated in the United States that General Calles has surrendered is unfounded.

In a battle with the insurgents at Lipa, province of Batangas, Lieutenant Anton Springer of the Twenty-first infantry was killed and Captain W. H. Wilhelm of the same regiment, Lieutenant Fitzhugh Lee, Jr., and five enlisted men were wounded. Lieutenant Charles R. Ramsey of the Twenty-first infantry was also wounded at Lipa.

## REMEMBERED A FORMER FAVOR.

Millionaire Stratton Comes to the Aid  
of Senator Tabor's Widow.

Leadville, Colo., June 10.—Winfield S. Stratton, the millionaire mine owner of Cripple Creek, has redeemed the Matchless mine in Leadville for the widow of the late Senator Tabor. Years ago Senator Tabor advanced some money to Stratton when Stratton was a poor struggling miner and he never forgot it. When Tabor died he had lost almost everything and he was vainly endeavoring to save the Matchless mine, which always insisted still contained millions in its lower contacts never exposed. The property was sold several months ago at sheriff's sale and final title would pass on July 4 to the new owners.

Senator Tabor's widow has continued the struggle and Mr. Stratton has now come to her assistance and will also enable her to exploit the property to greater depths.

## MAJOR DALY SUICIDES.

Was General Miles' Surgeon General  
in Porto Rico.

Pittsburg, June 10.—Major W. H. Daly, surgeon general on the staff of Lieutenant General Miles in Porto Rico, committed suicide at his home here by shooting himself in the right temple. No cause is known for Daly's deed, unless it be that insomnia drove him to temporary insanity. For some time past he has been unable to sleep regularly and it is thought that after a sleepless night he concluded to end all. The doctor was a widower and leaves no immediate family. He was 59 years old and for many years has been prominent in medical circles. He gained international prominence during the Cuban war, as it was his report to the commanding general of the army that started the "embalmed beef" investigation.

## PLAGUE ON TRANSPORT.

Volunteers Returning From the Phil-  
ippines May Be Detained.

Washington, June 10.—The officials of the war department are a little worried over the news that plague has broken out on the United States transport Kaintuck, which is now held in quarantine by the Japanese authorities at Nagasaki. On board this ship is one company of the Thirty-eighth volunteers. It is said the affliction is confined to the crew and has not yet appeared among the men, but details of its extent are lacking. As this ship is in advance of a fleet of transports returning with the volunteers it is feared that some of the others may be detained.

## Honor List of the Navy in the Chinese Campaign.

Washington, June 10.—The secretary of the navy has approved the recommendation of the naval board of awards concerning medals of honor and letters of commendation to a number of officers and men of the navy and marine corps who distinguished themselves during the campaign in China. Secretary Long's action did not go outside of the China recommendations and he will not pass upon the Santiago medal until the return of Assistant Secretary Hackett. The list also includes five officers and thirty-seven non-commissioned officers and privates.

## ARE GETTING INTO LINE

CUBAN CONVENTION ALMOST  
CERTAIN TO ACCEPT THE  
AMENDMENT.

## PRESSURE FROM OUTSIDE

Desire to Have the Matter Settled So  
That the Country Can Get Down to  
Business Having Its Effect Upon  
the Radicals—Hope for Some Sort  
of Independence in Preference to  
Military Occupation.

Havana, June 10.—The Conservative members of the constitutional convention are absolutely confident that the Platt amendment will be accepted and that several radicals will join with the 15 delegates who have heretofore voted in favor of acceptance. The last few days seem to have brought about a decided change in the attitude of delegates who had been bitterly arraigning the Washington government for changing the correct interpretation of the amendment. The strong pressure from the outside brought to bear upon the convention to finish its business and to place the country on a settled basis has had an excellent effect upon the radicals, inducing them to accept the inevitable, and some of them now argue that it will be perhaps better to accept the amendment, hoping for some form of independence, than to prolong the military occupation of the island.

The convention will meet in secret session during the day. It is expected several days will elapse before a vote is taken.

## CUBANS WARNED.

Platt Amendment Must Speak for It-  
self, as It Is a Law of Congress.

Washington, June 10.—The secretary of war has sent a communication by cable to General Wood at Havana expressing the views of the president concerning the attitude of the Cuban constitutional convention on the Platt amendment.

While the message of the president, transmitted through the secretary of war, is not a direct official communication to the convention, it is intended to have the effect of a direct warning to the delegates against radical action.

The message reiterates and emphasizes the refusal of this government to accept the action of the convention in attaching to a resolution adopting the Platt amendment an interpretation of its means. The government holds that the amendment must speak for itself, as it is a law of congress, and neither the American government nor the constitutional convention has the right to say that it means more or less than its terms set forth in plain English. All the communications between the government and the constitutional convention are regarded as unofficial and are therefore not binding.

## OVER PHILIPPINES AND CUBA.

Apostolic Delegation at Washington  
May Have Jurisdiction.

Rome, June 10.—It is asserted in reliable quarters that Cardinal Gibbons, in the course of his frequent conferences with Cardinal Rampolla, papal secretary of state, Mgr. Nozaola, archbishop of Manila, and other high ecclesiastics, in addition to effecting a settlement of the question of the properties of the religious orders in the Philippines, is negotiating for an extension to Cuba and the Philippines of the jurisdiction of the apostolic delegation at Washington.

## RECORD FOR HAVANA.

Only One Case of Yellow Fever in  
the City.

Havana, June 10.—There is one case of yellow fever in the city at the present time. During the months of March, April and May there was only one death from this disease in Havana. Chief Surgeon Gorgas says this is phenomenal. The average for these three months since 1889 has been 36.

## BOY UNEARTHS SKELETON.

Human Skull and Bones Found in  
River Bank Near La Crosse.

La Crosse, Wis., June 10.—What is thought to be the unearthing of a mysterious crime occurred when a small son of E. J. Brown, a conductor on the Milwaukee road, found, while digging for worms in the bank of the La Crosse river, a human skull and bones. The police were notified and are now working on the case.

The belief prevails that the bones are those of a stranger who came to La Crosse about a year ago and shortly afterwards disappeared and was never again heard of. It is possible, however, that the remains are those of a Petherland boy, who was drowned with his father about two years ago. The body of the father was found some days after the drowning, but that of the boy was never recovered.

## CAN'T GET OVER IT.

Londoners Are Still Talking About  
the Derby.

London, June 10.—London is still talking of the Derby. The discussion of the relative merits of American and British methods of training and riding has broken out anew. It must be confessed that the British comments are generally very fair. They sorrowfully admit the superiority of America on every point. The Sporting Times says:

The Derby has been won by a French horse and an American horse, but never until Wednesday was it won by a horse that had other than an English jockey in the saddle. Whatever our horses might be, the supremacy of our jockeys was deemed complete. But that fallacy is now exploded. dent O'Connell has been preparing his association for this struggle for several years, and the work that he and his assistants have accomplished in building up the organization is considered as record breaking by labor men.

Mr. O'Connell is about 45 years of age and learned the trade of machinist when he was still under 20. He is one of the vice presidents of the American Federation of Labor.

### Farewell to Baldwin.

Evelyn B. Baldwin, who heads the Baldwin-Zeigler polar expedition, was the guest of the Arctic club at a dinner at the Marlborough hotel, New York, the other night. The gathering was in the nature of a farewell to the club to Mr. Baldwin. Among those who wished him success in the informal speaking which followed the dinner were Professor William H. Brewer, president of the club; John C. Higgins, United States consul at Dundee, who superintends the refitting of the American ship that will carry the explorers north; F. A. Cooke, Julian Hawthorne, Russell W. Porter of Boston, J. W. Davidson, United States consul at Formosa; Hugh J. Lee, F. W. Stokes, members of the Peary expedition of 1893-4, and Captain Amos Bessall, the last surviving member of the Kane expedition. Professor Brewer also presented to Mr. Baldwin a small American silk flag, with an expression of hope that it would ultimately be floated at the north pole.

### Mr. Major's Reading Matter.

The publication of "When Knighthood Was In Flower" came about quite by accident. A friend having some time to wait in Mr. Major's office, asked for something to read and was told that there was nothing but lawbooks on the shelves. He expressed his disgust. "If you must read," said Mr. Major, opening a drawer in his desk, "here's a story I've been amusing myself with." The friend took it and soon became absorbed. He would not give the manuscript up until he had persuaded Mr. Major to let him submit it to a publisher. The name that the author had given the story at first was "Charlie Brandon," and as "Charlie Brandon" it was rejected by one publishing house if not more.—The Lounger in Critic.

The command camped at Vineland Saturday night. P. M. Zakariasen and Ole Lee, of this city, met the regiment at 9:30 o'clock Sunday morning, taking dinner with them. Company C, of Duluth, took the boat from Vineland to Garrison and most of them arrived in this city to-day. They proceeded at once to St. Paul.

The command camped at Garrison Sunday noon and did not march in the afternoon. R. D. Holden, Sam Parker, Albert Johnson and C. H. Kylo met the command at an early hour Sunday morning when all were sleeping.

The command camped at Garrison Sunday night. To-night they will camp at Noka Sebie, on the Bay Lake road.

Sergt. Murphy and J. R. Smith are out on the rifle ranges this afternoon getting everything in shape for the shooting tournament. The arrangements for the different events will be more definitely made after the arrival of the regiment in the city.

Of course the big event will be on Thursday night when the grand military historical exhibition will be given by the members of Company C, Duluth. Lumber is now being hauled to Swartz's driving park and the elevations about the amphitheater are being erected.

BARRED FROM THIS STATE.

Insurance Company Which Has Many Policy Holders in this State Cannot Do Business.

There are several policy holders in this city who will be interested to know that the Mutual Reserve Fund Life Association has been barred from doing business in the state of Minnesota for refusal to submit to an examination by the insurance department.

Some years ago many in the city took policies in the Covenant Mutual Life Association, an Odd Fellow order. This order discontinued doing business and an arrangement was made with the Mutual Reserve Fund Life to have the policies transferred to them.

TOUCHED FOR HIS TICKER.

Some Sneak Thief Gets Away With a Fine Gold Watch Belonging To E. A. Alden.

E. A. Alden, the engineer at the Brainerd Steam Laundry, had the misfortune to have his watch stolen Saturday afternoon. The thief, whoever he was, made no bones about the matter and did not pretend to let daylight materially effect his plans.

The watch was in Alden's vest pocket and the vest was hanging on a hook in the laundry where everyone was at work. No one saw the culprit come in or go out and their is a small sized mystery surrounding the theft.

In Nebraska, according to Rev. Mejernech Hendricks, the barber shop in country towns is the demoralizing influence among the youth instead of the saloons, and he proposes to organize the tonsorial parlor as an adjunct of the church. The idea is unique, and the vendors of intoxicating liquors seem to think it quite a compliment to them that the warfare should be transferred from the saloon to the barber shop, while the latter are hoping that no Carrie Nation will be enlisted in the cause.

NEXT Friday is Flag day in Minn. according to Gov. Van Sant's proclamation just issued.

BRAINERD AGAIN WORSTED

Little Falls Takes The Local Base Ball Team Into Camp--The Game a Good One.

Brainerd 1; Little Falls 3. Yesterday afternoon the Brainerd base ball team played a game with the Little Falls aggregation at Little Falls, and met defeat. The game was called shortly after 3 o'clock and there was a fairly good attendance, the Little Falls fans being out in force.

Brainerd was up in the first inning. They did not manage to score in this inning and only succeeded in making one score in the second. This was the only score made by the home team throughout the game. Boyle was in the box but he did not do the twirling that was expected of him, on account of his bad arm as a result of a hard game pitched at Fargo. This fact with the very unfortunate bad feature of having a poor outfield made it almost impossible for the locals to win. Murphy in center held everything that came his way and played a good game.

The last two runs that the Little Falls team made was in the fourth inning, and they were not earned runs. After this inning it was a crackerjack game, neither side scoring, and the fans felt that they got their money's worth.

Umpire Carlie gave the boys a very square deal and there is no kick coming from the locals. Brainerd's battery was Boyle and Spencer.

Next Sunday the local team will play Fergus Falls at Fergus Falls.

Regarding the game played Friday afternoon at Fargo the Fargo Forum evidently thinks that it was a steal as will be seen from the following which was taken from the writeup of the game:

"There was a row in the fifth over the tying score made by Captain Hayes, who slid in behind the Brainerd catcher and was called safe. Brainerd kicked because Hayes was out of line, and wanted to quit. After a wind jamming session of fifteen minutes, during which the band refused to play, the game was resumed. It was fast work by Captain Hayes and he got away with the play, but he was at least three or four feet out of line—all right.

Derocher, for Brainerd, was doing a little fancy work himself and permitted only eight hits. He has no preliminary agony about his pitching, just puts them over with lots of speed and the boys say they look about like marbles."

PLANS ARE HERE.

Within a Few Days Bids Will Be Advertised For The Construction of New Opera House.

The plans for the new Park Opera House have arrived at the First National bank and in a few days bids will be advertised for the construction of the building.

Cashier LaBar states that a few modifications will be made in the specifications, but this will not materially effect the plans as prepared. The contract for the excavation will probably be let in a few days.

KISS OF MATERNAL LOVE.

Mother Of Mrs. Mabel Walker Came All The Way From Tacoma To See Her Daughters' Remains.

According to the Minneapolis Times the body of Mrs. Mabel Walker, who committed suicide at Lincoln, Neb., a few days ago, was brought to St. Paul and were cremated there.

The Times says: "The remains of Mrs. Mabel Walker, a beautiful young woman who committed suicide at Lincoln, Neb., last Wednesday, were cremated in St. Paul yesterday. Her mother came all the way from Tacoma to implant the kiss of maternal love before the body was consumed. The funeral services were read by Rev. C. D. Andrews of Christ church."

Brainerd seems to be enjoying unusual prosperity this year, a sure indication being that Ingersoll & Wieland, of the DISPATCH, after careful consideration, have concluded to hereafter publish a daily paper in the city of pines. E. C. Griffith, an experienced newspaper man of St. Cloud, will be the news rustler. The first number of the daily appeared last Monday, and is a "hummer" and if it keeps up the pace it should receive a generous patronage. We wish it success.—Aitkin Republican.

June 11, 12, 13, 14 and 15 are the dates of the annual encampment of the G. A. R. of the Park Region Association and an elaborate program has been prepared for these days. The encampment will be held at Wadena this year.

BOLD BAD MEN CAUGHT.

Sheriff Hardy Captures the Burglars Who Entered a Saloon in Walker.

ANOTHER GAY YOUTH IN LIMBO

Pulls Revolver on Young Half Breed Girl. Brought to Brainerd Today.

Sheriff Hardy, of Cass county, arrived in the city at 11:30 today having in custody one Louis Plot, who was taken to the county jail, having been bound over to the district court on a serious charge. It seems that Plot a few days ago met a young half-breed a few miles south of Walker and with derisive guffaw made indecent proposals to her and when the young girl resented his seeming interest in the matter he pulled a revolver and threatened to do her bodily harm. He was arrested and held to the district court. The girl's name is Lillian Charfield.

Sheriff Hardy has also made a clever capture within the past few days in connection with the robbery of M. Cass's saloon at Walker. Two men have been arrested and the third has been apprehended and will be taken in a day or two. The watch which was stolen has been recovered. The men stole a watch, a ring, a revolver and \$12 in money. The two men already arrested gave their names as Tim Ryan and John Gubuld.

HOW'S THAT MISS DOTTIE.

The Sagacious Major of the Fargo Forum Comments Editorially or Graduation Theses.

The following from the pen of Major Edwards, of the Fargo Forum, is interesting reading to say the least:

"The graduating class of the Brainerd High School deserves especial notice for the many bright thoughts expressed in the various theses, as printed in THE BRAINERD DAILY DISPATCH—which is up to date—Here is one:

"Miss Dottie Sorenson had an essay on 'Who is Brave?' The brave, she said, were not necessarily those who performed great deeds in the face of danger and for so doing merited the praise of a nation, for often times, all unknown to the outside world, deeds which require a great deal more of genuine courage are unhesitatingly performed. She spoke at length about the motive of an act of bravery. The pages of history tell of the great deeds of men at war. As the greatest example of bravery she pointed out George Washington—he of the greatest fame, the father of our country. He who does that which is right in spite of the temptations which assail him on every hand, who would rather give up his life than sacrifice his principles, is the man of the finest type of bravery.

When a boy, reading over Sunday school book, we remember a story of George Washington's being lost in the woods. Not having his surveyor's instruments with him, George thought himself of his faithful dog. What did he do? The book tells that the father of his country, being a genius and full of resources caught his faithful dog—took a hickory and pounded the poor dog until the beast yelped, and then the father of his country—as he let the dog go said—"go home!" Whereupon the Sunday school story concludes—George followed the faithful animal—which made a bee line through the trackless forest—to his home! This story is told to illustrate the reasoning ability of a great man. But to some readers it illustrates heartless cruelty—making a poor dog suffer for selfish preservation. How's that, Miss Dottie?"

Sheriff Hardy, Walker: The rains of the past week will help the crop wonderfully.

Hon. W. H. Noyes, Barnum: I'm very much impressed with Brainerd's growth. I visited the shops this morning and I think they are a wonder.

C. L. Burnett: While I think it is always a good thing to boom one's town I do not think it always advisable to exploit business to the extreme.

The members of Pap Thomas Post, G. A. R., will meet in a body and will go out about a mile to escort the members of the regiment to the fair grounds.

Mons Mahlum: Business is very good; a great many loads of lumber go out into the country every week and the prospects are very good for Crow Wing county.

J. R. Smith: We go out this afternoon to put the wire in the rifle pits and get everything in shape. Proper arrangements will be made to transport people to the grounds on the evening of the grand exhibition.

Dr. E. M. McDonald: You might say something about that great base ball game which the doctors are going to play with the lawyers. The doctors will have the privilege to draw men from the druggists and the lawyers will draw from the newspaper men.

J. C. Hessel: Yes sir, my business is improving each year, and Brainerd is good enough for me. In former years I never sold over two riding corn cultivators. This year I have sold eighteen. This is a mark of progress and shows how the country about Brainerd is being settled up and improved.

## SOLDIERS ARE APPROACHING.

Many Brainerdites Go Out to Meet Them Sunday. Boys Enjoying Trip.

THEY ARE MAKING GOOD TIME.

Will Reach the City To-morrow Night or Wednesday Morning. G. A. R. In It.

A number of Brainerdites left the city Saturday night to meet the companies of the Third Regiment who are making the "hike" across the country from Milaca to Brainerd. The boys are fast approaching the city and it is thought that they will reach here by to-morrow night or Wednesday morning.

The command camped at Vineland Saturday night. P. M. Zakariassen and Ole Lee, of this city, met the regiment at 9:30 o'clock Sunday morning, taking dinner with them. Company C, of Duluth, took the boat from Vineland to Garrison and most of them arrived in this city to-day. They proceeded at once to St. Paul.

The command camped at Garrison Sunday noon and did not march in the afternoon. R. D. Holden, Sam Parker, Albert Johnson and C. H. Kylo met the command at an early hour Sunday morning when all were sleeping.

The command camped at Garrison Sunday night. To-night they will camp at Noka Sebie, on the Bay Lake road.

Sergt. Murphy and J. R. Smith are out on the rifle ranges this afternoon getting everything in shape for the shooting tournament. The arrangements for the different events will be more definitely made after the arrival of the regiment in the city.

Of course the big event will be on Thursday night when the grand military historical exhibition will be given by the members of Company C, Duluth. Lumber is now being hauled to Swartz's driving park and the elevations about the amphitheater are being erected.

## BARRED FROM THIS STATE.

Insurance Company Which Has Many Policy Holders in This State Cannot Do Business.

There are several policy holders in this city who will be interested to know that the Mutual Reserve Fund Life Association has been barred from doing business in the state of Minnesota for refusal to submit to an examination by the insurance department.

Some years ago many in the city took policies in the Covenant Mutual Life Association, an Odd Fellow order. This order discontinued doing business and an arrangement was made with the Mutual Reserve Fund Life to have the policies transferred to them.

## TOUCHED FOR HIS TICKER.

Some Sneak Thief Gets Away With a Fine Gold Watch Belonging To E. A. Alden.

E. A. Alden, the engineer at the Brainerd Steam Laundry, had the misfortune to have his watch stolen Saturday afternoon. The thief, whoever he was, made no bones about the matter and did not pretend to let daylight materially effect his plans.

The watch was in Alden's vest pocket and the vest was hanging on a hook in the laundry where everyone was at work. No one saw the culprit come in or go out and there is a small sized mystery surrounding the theft.

In Nebraska, according to Rev. Meijers Hendricks, the barber shop in country towns is the demoralizing influence among the youth instead of the saloons, and he proposes to organize the tonsorial parlor as an adjunct of the church. The idea is unique, and the vendors of intoxicating liquors seem to think it quite a compliment to them that the warfare should be transferred from the saloon to the barber shop, while the latter are hoping that no Carrie Nation will be enlisted in the cause.

NEXT Friday is Flag day in Minnesota according to Gov. Van Sant's proclamation just issued.

## BRAINERD AGAIN WORSTED

Little Falls Takes The Local Base Ball Team Into Camp--The Game a Good One.

Brainerd 1; Little Falls 3. Yesterday afternoon the Brainerd base ball team played a game with the Little Falls aggregation at Little Falls, and met defeat. The game was called shortly after 3 o'clock and there was a fairly good attendance, the Little Falls fans being out in force.

Brainerd was up in the first inning. They did not manage to score in this inning and only succeeded in making one score in the second. This was the only score made by the home team throughout the game. Boyle was in the box but he did not do the twirling that was expected of him, on account of his bad arm as a result of a hard game pitched at Fargo. This fact with the very unfortunate bad feature of having a poor outfield made it almost impossible for the locals to win. Murphy in center held everything that came his way and played a good game.

The last two runs that the Little Falls team made was in the fourth inning, and they were not earned runs. After this inning it was a crackjack game, neither side scoring, and the fans felt that they got their money's worth.

Umpire Carlie gave the boys a very square deal and there is no kick coming from the locals. Brainerd's battery was Boyle and Spencer.

Next Sunday the local team will play Fergus Falls at Fergus Falls.

Regarding the game played Friday afternoon at Fargo the Fargo Forum evidently thinks that it was a steal as will be seen from the following which was taken from the writeup of the game:

"There was a row in the fifth over the tying score made by Captain Hayes, who slid in behind the Brainerd catcher and was called safe. Brainerd kicked because Hayes was out of line, and wanted to quit. After a wind jamming session of fifteen minutes, during which the band refused to play, the game was resumed. It was fast work by Captain Hayes and he got away with the play, but he was at least three or four feet out of line—all right.

Derocker, for Brainerd, was doing a little fancy work himself and permitted only eight hits. He has no preliminary agony about his pitching, just puts them over with lots of speed and the boys say they look about like marbles."

## PLANS ARE HERE.

Within a Few Days Bids Will Be Advertised For The Construction of New Opera House.

The plans for the new Park Opera House have arrived at the First National bank and in a few days bids will be advertised for the construction of the building.

Cashier LaBar states that a few modifications will be made in the specifications, but this will not materially effect the plans as prepared. The contract for the excavation will probably be let in a few days.

## KISS OF MATERNAL LOVE.

Mother Of Mrs. Mabel Walker Came All The Way From Tacoma To See Her Daughters' Remains.

According to the Minneapolis Times the body of Mrs. Mabel Walker, who committed suicide at Lincoln, Neb., a few days ago, was brought to St. Paul and were cremated there.

The Times says: "The remains of Mrs. Mabel Walker, a beautiful young woman who committed suicide at Lincoln, Neb., last Wednesday, were cremated in St. Paul yesterday. Her mother came all the way from Tacoma to implant the kiss of maternal love before the body was consumed. The funeral services were read by Rev. C. D. Andrews of Christ church."

Brainerd seems to be enjoying unusual prosperity this year, a sure indication being that Ingersoll & Wieland, of the DISPATCH, after careful consideration, have concluded to hereafter publish a daily paper in the city of pines. E. C. Griffith, an experienced newspaper man of St. Cloud, will be the news rustler. The first number of the daily appeared last Monday, and is a "hummer" and if it keeps up the pace it should receive a generous patronage. We wish it success.—Aitkin Republican.

June 11, 12, 13, 14 and 15 are the dates of the annual encampment of the G. A. R. of the Park Region Association and an elaborate program has been prepared for these days. The encampment will be held at Wadena this year.

## BOLD BAD

## MEN CAUGHT.

Sheriff Hardy Captures the Burglars Who Entered a Saloon in Walker.

ANOTHER GAY YOUTH IN LIMBO

Pulls Revolver on Young Half Breed Girl. Brought to Brainerd Today.

Sheriff Hardy, of Cass county, arrived in the city at 11:30 today having in custody one Louis Plot, who was taken to the county jail, having been bound over to the district court on a serious charge. It seems that Plot a few days ago met a young half-breed a few miles south of Walker and with derisive guffaw made indecent proposals to her and when the young girl resented his seeming interest in the matter he pulled a revolver and threatened to do her bodily harm. He was arrested and held to the district court. The girl's name is Lillian Chaffield.

Sheriff Hardy has also made a clever capture within the past few days in connection with the robbery of M. Cass's saloon at Walker. Two men have been arrested and the third has been apprehended and will be taken in a day or two. The watch which was stolen has been recovered. The men stole a watch, a ring, a revolver and \$12 in money. The two men already arrested gave their names as Tim Ryan and John Gubuld.

## HOW'S THAT MISS DOTTIE.

The Sagacious Major of the Fargo Forum Comments Editorially or Graduation Theses.

The following from the pen of Major Edwards, of the Fargo Forum, is interesting reading to say the least:

"The graduating class of the Brainerd High School deserves especial notice for the many bright thoughts expressed in the various theses, as printed in THE BRAINERD DAILY DISPATCH—which is 'up to date'—Here is one:

"Miss Dottie Sorenson had an essay on 'Who is Brave?' The brave, she said, were not necessarily those who performed great deeds in the face of danger and for so doing merited the praise of a nation, for often times, all unknown to the outside world, deeds which require a great deal more of genuine courage are unhesitatingly performed. She spoke at length about the motive of an act of bravery. The pages of history tell of the great deeds of men at war. As the greatest example of bravery she pointed out George Washington—he of the greatest fame, the father of our country. He who does that which is right in spite of the temptations which assail him on every hand, who would rather give up his life than sacrifice his principles, is the man of the finest type of bravery.

When a boy, reading over Sunday school book, we remember a story of George Washington's being lost in the woods. Not having his surveyor's instruments with him, George thought himself of his faithful dog. What did he do? The book tells that the father of his country, being a genius and full of resources caught his faithful dog—took a hickory and pounded the poor dog until the beast yelped, and then the father of his country—as he let the dog go said—"go home!" Whereupon the Sunday school story concludes—George followed the faithful animal—which made a bee line through the trackless forest—to his home! This story is told to illustrate the reasoning ability of a great man. But to some readers it illustrates heartless cruelty—making a poor dog suffer for selfish preservation. How's that, Miss Dottie?"

## CURBSTONE CHAT.

Sheriff Hardy, Walker: The rains of the past week will help the crop wonderfully.

Hon. W. H. Noyes, Barnum: I'm very much impressed with Brainerd's growth. I visited the shops this morning and I think they are a wonder.

C. L. Burnett: While I think it is always a good thing to boom one's town I do not think it always advisable to exploit business to the extreme.

The members of Pap Thomas Post, G. A. R., will meet in a body and will go out about a mile to escort the members of the regiment to the fair grounds.

Mons Mahlum: Business is very good; a great many loads of lumber go out into the country every week and the prospects are very good for Crow Wing county.

J. R. Smith: We go out this afternoon to put the wire in the rifle pits and get everything in shape. Proper arrangements will be made to transport people to the grounds on the evening of the grand exhibition.

Dr. E. M. McDonald: You might say something about that great base ball game which the doctors are going to play with the lawyers. The doctors will have the privilege to draw men from the druggists and the lawyers will draw from the newspaper men.

J. C. Hessel: Yes sir, my business is improving each year, and Brainerd is good enough for me. In former years I never sold over two riding corn cultivators. This year I have sold eighteen. This is a mark of progress and shows how the country about Brainerd is being settled up and improved.

# JOHN L. SMITH,

A good story about one of Ibsen's latest photographs, which appeared in the Christmas number of a Swedish magazine, is told as follows in the Cleveland Plain Dealer. It was the result of a snap shot taken by a Swedish newspaper man who visited Christiania in the summer of 1899 for the purpose of catching the great man's likeness unaware. He chose a favorable day for the execution of his coup, placed himself in an advantageous position not far from the entrance to the Grand cafe and waited. Ibsen was punctual to the minute, and soon the miscreant noticed with a thrill of joy that he had focused the figure of his victim. But he was intent on getting the best possible view and postponed, therefore, the consummation of the deed until Ibsen was only a few steps away from him; then he pressed the button and walked away with triumphant steps.

The disillusionment did not take place until he had developed the negative, which proved a splendid success in every way but one. The whole well known figure from the silk hat down to the broad nosed shoes was there, but a bunch of paper held up by the poet's right arm was all that could be seen where the face should have been. The keen eye of Ibsen had apparently seen the lurking danger in good time. He had followed the movements of the enemy with the alertness of a threatened animal and at the critical moment had interposed the paper—some manuscript presumably—between his features and the detested instrument. The photograph was reproduced and published just the same, and it is to be suspected that the readers of the magazine enjoyed it much more than they would have done if it had been more successful from the photographer's point of view. They all recognized the lion in his bushy white mane, which the envious paper had been unable to hide from view.

They were moving and wanted a set of breakfast room chairs. They had plenty of bedroom chairs with cane seats, as it happened, so the brilliant idea occurred to one of the girls to retain the wooden frames dark green and cover the seats with light green leather. This leather cost about \$4—sufficient to cover six chairs. Between the cane and the leather the girls placed a double sheet of brown paper to prevent the cane marks from designing the leather. This latter they fixed on with brass headed short nails, being very careful in cutting the leather to allow for turnings. As the wood of the chairs was very hard, these amateur carpenters, before hammering in the nails, pierced holes for them with a stiletto, otherwise the brass heads ran the risk of being broken off and the nails hammered in crooked.

## MORTALITY APPALLING

TERRIBLE CONDITION OF THE  
DOERS IN THE REFUGEE  
CAMPS.

### THE FOOD IS UNFIT TO EAT

Shocking Story Told by a South African Minister—Says the Afrikanders Will Never Be Overcome—Have Fifteen to Seventeen Thousand Men in the Field and Tons of Ammunition.

New York, June 10.—The Rev. H. D. von Bruckhuisen of Pretoria, South Africa, the minister who closed the volksraad with prayer after President Kruger's ultimatum had been read to that body, is in this city. His brother, Dr. H. J. von Bruckhuisen of the Orange Free State, who served in the Boer armies, accompanied him. Their mission in this country is to raise money for the Boer women and children in refugee camps. Dr. von Bruckhuisen said in an interview: "Our women and children, who are at present concentrated in camps established by the British, are in a horrible condition. It was bad enough when I left South Africa, but I know from letters that I have received—one only the other day from my sister—that it is a hundred times worse now."

When the doctor left South Africa he said he was virtually banished by order of General Maxwell, military governor of Pretoria. Dr. von Bruckhuisen said further of the camps: "In an official report made by Dr. Ronald P. McKenzie of the British army on Feb. 18 of this year the British government is notified that the conditions are horrible, the death rate appalling and the food furnished wholly unfit to eat."

The Afrikanders, Rev. Dr. von Bruckhuisen avers, will never be overcome, and all reports to the contrary are false. The Boer army numbers 15,000 to 17,000 men and is being constantly augmented by Cape Colony Boers. The Boer forces are now armed with Lee-Netford rifles, he says, and they have tons of ammunition buried which they can use at any time against the British.

### CHINESE ARE PLEASED.

Express Satisfaction at the Promised Return of the Court.

Peking, June 10.—The Chinese express great satisfaction at the announcement of the intention of the court to return to Peking in September. All the foreign troops with the exception of the legation guards are expected to withdraw ere the middle of that month, the only troops not already under orders of withdrawal being the Japanese, whose government is sending reliefs. It is said, however, at the Japanese legation that when Japan is absolutely certain the other powers are evacuating her own troops can be withdrawn on two days' notice.

General Voyron, the French commander, has instructions to leave one brigade for service in China and the French transports are en route. The British will have completed their departure by the end of September, 10 transports making two journeys to India.

### NO DATE SET YET.

Machinists Will Ask Railroads for a Shorter Work Day.

Toronto, Ont., June 10.—Regarding the fixing of a date upon which railway corporations will be asked to sign a paper granting the machinists a 9-hour work day with 12 1-2 per cent increase in wages, President O'Connell said that the matter has been practically disposed of by the convention, that a resolution approving of such action has already been passed and that fixing a day has been referred to the executive committee and will afterwards be submitted to a vote of the convention. At any rate the date will be some time in the future, as the machinists are finding the present strike costly and have no desire to borrow fresh trouble.

### Allow Time For Play.

The all work and no play woman soon becomes scarcely more than a machine, a machine that too often runs without the wheels being greased, in a hard, grinding, squeaking way, requiring much more strength and time than if a little lubrication had been given in the shape of occasional pleasant moments snatched by the way, says the Jacksonville Times-Union.

There is one thing certain—it is better to try to be content with little, doing without some things that we may have a great desire for, than to so wear ourselves out body and spirit in their attainment that we lose the power of enjoyment, too tired to care for anything.

So the wise woman, though, like the woman in the Bible, she rises "while it is yet night," she yet makes sure of a little time every day—perhaps not more than a half hour—which is her very own and with which stranger or friend "intermeddeth not."

### Prominent Persons Exiled.

London, June 10.—"The Russian government," says the Moscow correspondent of The Daily Express, "has been arresting and sending into exile prominent persons suspected of complicity in revolutionary agitation. Among them is Count Brobnsky, a descendant of Catherine the Great."

### SHOWS SLIGHT IMPROVEMENT.

Mrs. McKinley Continues to Gain, Though Very Slowly.

Washington, June 10.—The slight improvement in Mrs. McKinley which manifested itself the latter part of the week continues and the hope begins to be felt that she may after all recover from the present attack. The improvement, however, is so slight as not to change materially the extreme gravity of the case.

The usual consultation of physicians was held during the morning and at its close the following bulletin was issued:

"Mrs. McKinley's physicians report that she passed a very comfortable night and continues to improve."

The fact that Mrs. McKinley has more than held her own and that no unfavorable turn has occurred is considered in every way encouraging, but as this result is due partly to the constant use of powerful medicines the physicians fear the effect of reducing the stimulants, and likewise have to cope with the effect on her system by the constant administration of the only means of prolonging her life and making absolute recovery at least a possibility. These stimulants and the complaint from which she suffered in California, which is now under better control, however, so weakens her power of resistance that apprehension is ever present that a sinking spell may occur suddenly from which she cannot be rallied.

### MURDER TRIAL IN A GROVE.

Father With Daughter and Two Sons Examined Under the Trees.

Galena, Mo., June 10.—An unusual scene is presented here at the preliminary hearing of Mrs. John Stallion, her father, James Crabtree, and his two sons, Frank and Charles Crabtree, for the murder of Alice Stallion, the woman's 16-year-old stepdaughter. The hearing is being held in a grove, the two justices sitting at a table under a tree, and 2,000 people, attracted from points for miles around, forming a circle about the court and defendants. Notwithstanding no overt act has yet been attempted, threats have been made against the Crabtrees by many of the strangers in town, and the county officials are taking all precautions at their command to protect the prisoners. Galena is off the railroad and the fact that the 2,000 people would care to come miles to attend the hearing is considered significant.

### ANGLO-AMERICAN BANK.

J. P. Morgan Said to Be Organizing a Billion-Dollar Company.

New York, June 10.—According to the London correspondent of The World it is reported there that J. P. Morgan is engaged in arranging for the establishment of a great Anglo-American bank with a capital of \$1,000,000,000.

It is said that it is proposed to abolish all of the principal financial agencies and banks already engaged in Anglo-American business.

The proposed institution, it is said, is intended to be the principal agency for the already vast and rapidly growing banking transactions between Europe and America.

Mr. Morgan is understood to have associated with him in the stupendous undertaking not only the principal capitalists who aided in the organization of the United States Steel corporation, but also the Rothschilds.

### STARTED A RIOT.

Disastrous Attempt to Run a Street Car Through a Procession.

Chicago, June 10.—An attempt to run a street car through a religious procession of Italians at Eighteenth and Clark streets precipitated a riot in which the windows of the car were smashed and one man was injured. A riot call to the Twenty-second police station brought a wagonload of officers who saved the motorman and conductor from bodily injury. "Sticks and stones were hurled at the car until there was not a whole window left in it. The police restored order with great difficulty, the Italians being bent at getting at the car crew, but the counsel of the priests in the procession averted a more serious conflict.

### FOUND MORE COIN.

Thirteen Thousand Dollars From the Mineral Point Bank Recovered.

Mineral Point, Wis., June 10.—Thirteen thousand dollars more of the gold coin stolen from the First National bank on the morning of May 24 have been recovered. It was found in the earth vault of a commission house in the City hotel, about a block from the looted bank, at which the prisoner, Steve Jelliffe, boarded. It is believed that the detectives got information from the prisoner under the sweat box methods of the detectives. This find and the \$8,000 before recovered comprises all the gold missing from the bank. The balance, \$2,800, is in currency and the detectives hope to recover it later.

### Had a Perilous Experience.

La Crosse, Wis., June 8.—The packet Lyon, running between this city and Wabasha, Minn., had a perilous experience in a storm on the Mississippi. The boat was dashed against a rock and a hole punched in her stern. A panic followed, but the passengers were taken ashore safely in skiffs. The boat was kept above water by pumps.

**GEO. D. LaBAR.**

Brainerd, June 3, 1901.

A good story about one of Ibsen's latest photographs, which appeared in the Christmas number of a Swedish magazine, is told as follows in the Cleveland Plain Dealer. It was the result of a snap shot taken by a Swedish newspaper man who visited Christiania in the summer of 1899 for the purpose of catching the great man's likeness un-awares. He chose a favorable day for the execution of his coup, placed himself in an advantageous position not far from the entrance to the Grand cafe and waited. Ibsen was punctual to the minute, and soon the miscreant noticed with a thrill of joy that he had focused the figure of his victim. But he was intent on getting the best possible view and postponed, therefore, the consummation of the deed until Ibsen was only a few steps away from him; then he pressed the button and walked away with triumphant steps.

The disillusionment did not take place until he had developed the negative, which proved a splendid success in every way but one. The whole well known figure from the silk hat down to the broad nosed shoes was there, but a bunch of paper held up by the poet's right arm was all that could be seen where the face should have been. The keen eye of Ibsen had apparently seen the lurking danger in good time. He had followed the movements of the enemy with the alertness of a threatened animal and at the critical moment had interposed the paper—some manuscript presumably—between his features and the detested instrument. The photograph was reproduced and published just the same, and it is to be suspected that the readers of the magazine enjoyed it much more than they would have done if it had been more successful from the photographer's point of view. They all recognized the lion in his bushy white mane, which the envious paper had been unable to hide from view.

They were moving and wanted a set of breakfast room chairs. They had plenty of bedroom chairs with cane seats, as it happened, so the brilliant idea occurred to one of the girls to retain the wooden frames dark green and cover the seats with light green leather. This leather cost about \$4—sufficient to cover six chairs. Between the cane and the leather the girls placed a double sheet of brown paper to prevent the cane marks from designing the leather. This latter they fixed on with brass headed short nails, being very careful in cutting the leather to allow for turnings. As the wood of the chairs was very hard, these amateur carpenters, before hammering in the nails, pierced holes for them with a stiletto, otherwise the brass heads ran the risk of being broken off and the nails hammered in crooked.

BOERS IN THE REFUGEE  
CAMPS.**

### THE FOOD IS UNFIT TO EAT

Shocking Story Told by a South African Minister—Says the Afrikaners Will Never Be Overcome—Have Fifteen to Seventeen Thousand Men in the Field and Tons of Ammunition.

New York, June 10.—The Rev. H. D. von Bruckhausen of Pretoria, South Africa, the minister who closed the Volksraad with prayer after President Kruger's ultimatum had been read to that body, is in this city. His brother, Dr. H. J. von Bruckhausen of the Orange Free State, who served in the Boer armies, accompanied him. Their mission in this country is to raise money for the Boer women and children in refugee camps. Dr. von Bruckhausen said in an interview: "Our women and children, who are at present concentrated in camps established by the British, are in a horrible condition. It was bad enough when I left South Africa, but I know from letters that I have received—one only the other day from my sister—that it is a hundred times worse now."

When the doctor left South Africa he said he was virtually banished by order of General Maxwell, military governor of Pretoria. Dr. von Bruckhausen said further of the camps: "In an official report made by Dr. Ronald P. McKenzie of the British army on Feb. 18 of this year the British government is notified that the conditions are horrible, the death rate appalling and the food furnished wholly unfit to eat."

The Afrikaners, Rev. Dr. von Bruckhausen avers, will never be overcome, and all reports to the contrary are false. The Boer army numbers 15,000 to 17,000 men and is being constantly augmented by Cape Colony Boers. The Boer forces are now armed with Lee-Netford rifles, he says, and they have tons of ammunition buried which they can use at any time against the British.

### CHINESE ARE PLEASED.

Express Satisfaction at the Promised Return of the Court.

Peking, June 10.—The Chinese express great satisfaction at the announcement of the intention of the court to return to Peking in September. All the foreign troops with the exception of the legation guards are expected to withdraw ere the middle of that month, the only troops not already under orders of withdrawal being the Japanese, whose government is sending reliefs. It is said, however, at the Japanese legation that when Japan is absolutely certain the other powers are evacuating her own troops can be withdrawn on two days' notice.

General Voyron, the French commander, has instructions to leave one brigade for service in China and the French transports are en route. The British will have completed their departure by the end of September, 10 transports making two journeys to India.

### NO DATE SET YET.

Machinists Will Ask Railroads for a Shorter Work Day.

Toronto, Ont., June 10.—Regarding the fixing of a date upon which railway corporations will be asked to sign a paper granting the machinists a 9-hour work day with 12 1/2 per cent increase in wages, President O'Connell said that the matter has been practically disposed of by the convention, that a resolution approving of such action has already been passed and that fixing a day has been referred to the executive committee and will afterwards be submitted to a vote of the convention. At any rate the date will be some time in the future, as the machinists are finding the present strike costly and have no desire to borrow fresh trouble.

### Allow Time For Play.

The all work and no play woman soon becomes scarcely more than a machine, a machine that too often runs without the wheels being greased, in a hard, grinding, squeaking way, requiring much more strength and time than if a little lubrication had been given in the shape of occasional pleasant moments snatched by the way, says the Jacksonville Times-Union.

There is one thing certain—it is better to try to be content with little, doing without some things that we may have a great desire for, than to so wear ourselves out body and spirit in their attainment that we lose the power of enjoyment, too tired to care for anything.

So the wise woman, though, like the woman in the Bible, she rises "while it is yet night," she yet makes sure of a little time every day—perhaps not more than a half hour—which is her very own and with which stranger or friend "intermeddeth not."

### Prominent Persons Exiled.

London, June 10.—"The Russian government," says the Moscow correspondent of The Daily Express, "has been arresting and sending into exile prominent persons suspected of complicity in revolutionary agitation. Among them is Count Brobnsky, a descendant of Catherine the Great."

## SHOWS SLIGHT IMPROVEMENT

Mrs. McKinley Continues to Gain, Though Very Slowly.

Washington, June 10.—The slight improvement in Mrs. McKinley which manifested itself the latter part of the week continues and the hope begins to be felt that she may after all recover from the present attack. The improvement, however, is so slight as not to change materially the extreme gravity of the case.

The usual consultation of physicians was held during the morning and at its close the following bulletin was issued:

"Mrs. McKinley's physicians report that she passed a very comfortable night and continues to improve."

The fact that Mrs. McKinley has more than held her own and that no unfavorable turn has occurred is considered in every way encouraging, but as this result is due partly to the constant use of powerful medicines the physicians fear the effect of reducing the stimulants, and likewise have to cope with the effect on her system by the constant administration of the only means of prolonging her life and making absolute recovery at least a possibility. These stimulants and the complaint from which she suffered in California, which is now under better control, however, so weakens her power of resistance that apprehension is ever present that a sinking spell may occur suddenly from which she cannot be rallied.

### MURDER TRIAL IN A GROVE.

Father With Daughter and Two Sons Examined Under the Trees.

Galena, Mo., June 10.—An unusual scene is presented here at the preliminary hearing of Mrs. John Stallion, her father, James Crabtree, and his two sons, Frank and Charles Crabtree, for the murder of Alice Stallion, the woman's 16-year-old stepdaughter. The hearing is being held in a grove, the two justices sitting at a table under a tree, and 2,000 people, attracted from points for miles around, forming a circle about the court and defendants. Notwithstanding no overt act has yet been attempted, threats have been made against the Crabtrees by many of the strangers in town, and the county officials are taking all precautions at their command to protect the prisoners. Galena is off the railroad and the fact that the 2,000 people would care to come miles to attend the hearing is considered significant.

### ANGLO-AMERICAN BANK.

J. P. Morgan Said to Be Organizing a Billion-Dollar Company.

New York, June 10.—According to the London correspondent of The World it is reported there that J. P. Morgan is engaged in arranging for the establishment of a great Anglo-American bank with a capital of \$1,000,000,000.

It is said that it is proposed to abolish all of the principal financial agencies and banks already engaged in Anglo-American business.

The proposed institution, it is said, is intended to be the principal agency for the already vast and rapidly growing banking transactions between Europe and America.

Mr. Morgan is understood to have associated with him in the stupendous undertaking not only the principal capitalists who aided in the organization of the United States Steel corporation, but also the Rothschilds.

### STARTED A RIOT.

Disastrous Attempt to Run a Street Car Through a Procession.

Chicago, June 10.—An attempt to run a street car through a religious procession of Italians at Eighteenth and Clark streets precipitated a riot in which the windows of the car were smashed and one man was injured. A riot call to the Twenty-second police station brought a wagonload of officers who saved the motorman and conductor from bodily injury. "Sticks and stones were hurled at the car until there was not a whole window left in it. The police restored order with great difficulty, the Italians being bent at getting at the car crew, but the counsel of the priests in the procession averted a more serious conflict.

### FOUND MORE COIN.

Thirteen Thousand Dollars from the Mineral Point Bank Recovered.

Mineral Point, Wis., June 10.—Thirteen thousand dollars more of the gold coin stolen from the First National bank on the morning of May 24 have been recovered. It was found in the earth vault of a commission house in the City hotel, about a block from the looted bank, at which the prisoner, Steve Jelliffe, boarded. It is believed that the detectives got information from the prisoner under the sweat box methods of the detectives. This find and the \$8,000 before recovered comprises all the gold missing from the bank. The balance, \$2,800, is in currency and the detectives hope to recover it later.

### Had a Perilous Experience.

La Crosse, Wis., June 8.—The packet Lyon, running between this city and Wabasha, Minn., had a perilous experience in a storm on the Mississippi. The boat was dashed against a rock and a hole punched in her stern. A panic followed, but the passengers were taken ashore safely in skiffs. The boat was kept above water by pumps.

It was found in the earth vault of a commission house in the City hotel, about a block from the looted bank, at which the prisoner, Steve Jelliffe, boarded. It is believed that the detectives got information from the prisoner under the sweat box methods of the detectives. This find and the \$3,000 before recovered comprises all the gold missing from the bank. The balance, \$2,866, is in currency and the detectives hope to recover it later.

### Had a Perilous Experience.

La Crosse, Wis., June 8.—The packet Lyon, running between this city and Wabasha, Minn., had a perilous experience in a storm on the Mississippi. The boat was dashed against a rock and a hole punched in her stern. A panic followed, but the passengers were taken ashore safely in skiffs. The boat was kept above water by pumps.

# Now is Your Time

## For 10 Days

I offer for sale the following lots in Schwartz Addition to the City of Brainerd at a figure to make the proposition attractive to any purchaser either for a home or as an investment.

I have so many other matters requiring my attention that I cannot look after this property so as to realize all that it is worth, and prefer
